

Job Announcement

February 5, 2019

Mason County Public Utility District No. 1 is looking for a dynamic professional to join our fun, hardworking team as a Water Resource Engineer. Located in Potlatch along the beautiful Hood Canal, PUD 1 is the first operating PUD in Washington State, serving power, water and wastewater to just over 8,000 accounts. We have a great workplace culture and the BEST customers.

As a valued member of the leadership team, the Water Resource Engineer will help design and scope water system projects, act as the liaison for the District with our community partners and state agencies, and help ensure that we meet our mission to provide safe and reliable drinking water.

Looking for experience in water resource management and water system planning, a registered licensed P.E. or Engineer-in-Training, and/or equivalent combination of experience, education and training to excel in position.

The PUD offers a competitive salary (DOQ) and an excellent benefits package including family medical, dental and life insurance, LTD, retirement, & health reimbursement account.
