BUDGET HEARING:

Greg gave a first look at the 2016 budget proposal. There was a base charge and kWh charge comparison of the two PUDs in our county. He then went through next year's electric net revenue requirements. This accounts for a reduction in 4 million kWh's that we are anticipating due to warm weather. The revenue requirements are based on today's rates. Operating margins are low; just over 1%. The proposal to keep our operating margins intact requests a \$3.00 base rate increase. A discussion was held regarding a \$5.00 base rate increase to raise operating margins and then reduce the consumption charge. Greg recommended to the commission to implement the \$3.00 base charge increase in January and then evaluate in the spring if an additional \$2.00 is needed, and if so, is there a way to lower the kWh charge in conjunction with that base charge increase. Water budget is doing well, mainly due to a 4% increase. The cash flow is where it should be now and while we have a high amount of principal debt, the interest rate is very low, so the TIER is low and the margins are predictable. Commission will re-discuss the budget proposal in November and then look at a budget hearing on December 8th.

The regular meeting of the Board of Commissioners of Public Utility District No. 1 of Mason County was called to order at 2:07 p.m.

The budget hearing closed at 2:00 p.m. and the regular business meeting commenced.

GENERAL MANAGER'S REPORT- Steve Taylor

Steve gave the commission a copy of Energy Northwest's solar audit document.

STAFF REPORTS

Darin Hall:

Michels Power completed rebuild of poles that burned and rebuilt the roads to DRN specs. Underground was finished by our crew in McReavy. They're doing brushing and completing odd jobs this week.

Jocelyne Gray:

We had septic inspections today and Jocelyne will have a report for the next meeting. Jocelyne accepted her national Emerging Leader award from the Society of Women Engineers this month. She was one of 10 that received that award nationally out of about 100 applicants.

Greg Kester:

Wrapping up the state audit. No findings or management letters that we're aware of. Greg will let Karl know when the exit audit is scheduled.

Kristin Masteller:

Kristin gave an update on meetings and trainings she has been to this month and handed out information for open enrollment for insurance. Had a great Customer Appreciation BBQ event-nearly 300 people. Kristin and Steve will be demoing a new text messaging archival system. Page 2
